

# Connect with the Other Side

## A Night of Spirit Communication

Friday, June 24 at 7pm. Tickets: \$20

*An Evening of Spirit Communication* is an opportunity to witness evidential mediumship and receive specific messages from loved ones in the Afterlife. In order to demystify the process and encourage people to believe that their own experiences with deceased loved ones are genuine, I'll explain how I'm receiving spirit evidence and messages periodically throughout the evening.

There will be plenty of time for questions in this upbeat and very entertaining evening.

I will do my best to bring in messages and spirits for everyone in attendance.

No reservation necessary, but be sure to come early as seats fill up quickly!

## Workshop: You Can Talk To Spirits, Too!

Saturday, June 25 from 10am-1pm. Cost: \$35/person

Join me for an interactive workshop in receiving and understanding spirit evidence! Demonstrating with readings for attendees, I'll explain how information comes through and then give everyone an opportunity to practice that same technique. With the help of our own spirit people and teachers on the other side, everyone will develop the framework for a consistent dialogue with those in the Afterlife. All participants will experience mediumship and leave the workshop with a plan to deepen their own abilities. All levels are welcome!

*Reservations REQUIRED. Call 914-672-9741 or email [priscilla@apracticalpsychic.com](mailto:priscilla@apracticalpsychic.com).*
